Transaction Support Services

If you are an investor considering an investment opportunity, a business owner/ manager considering an acquisition or a management team then why not let our dedicated and experienced transaction support team assist you with the process.

Some of the Transaction Support Services we provide include:

Due Diligence Services

Why not take some of the risk out of the acquisition or investment process by commissioning one of the wide range of due diligence report services that we offer including acquisition reports, valuation reports, vendor reports, financial and commercial due diligence reports. We also provide a bespoke due diligence report service.

Valuations

We provide independent and objective corporate research and valuation report services including details of comparable transactions in the market, enterprise valuations and traditional valuation metrics.

Investment Readiness

We provide a range of services designed to assist our clients to prepare their business for external investment. These services include a pre-investment health check, corporate restructuring advice and guidance and also include business, strategy, financial, taxation planning and advice.

Grants

Why not check to see if your business qualifies for one of the plethora of UK and European Grant schemes? Our transactional support team can help you to assess the suitability of your company for a grant scheme, prepare the application and liaise with the grant body.

Taxation Support

Our transaction taxation experts can help to make sure that your corporate finance deal is structured to optimise the taxation implications.

- **Seed Enterprise Investment Scheme**

SEIS is a Government scheme designed to encourage private investment in small start-up and growing companies. Many business angel investors will look more positively upon investment opportunities that offer the possibility of SEIS relief so why not use the services of our SEIS specialists to make sure that your business qualifies for this scheme?

- **R&D Tax Credit**

Businesses that are engaged in the design/development of new products, processes or software can qualify for refunds of tax under this scheme, so why not engage one of our tax specialists for a free of charge consultation to see if you can secure a refund under this scheme?
